Running Start

FOR COLLEGE

“My daughter just transferred her credits this semester. She was thrilled. Having college coursework on her resume when applying to college was very helpful.”

- Parent of a former RS student, Portsmouth High School

## Why Running Start?

- **Students gain experience with college level coursework!**

The Running Start program is an ideal way to save money and give your kids a chance to gain college-level experience and college credits while completing the requirements for high school graduation.

- **Credits transfer to many colleges and universities!**

High school juniors and seniors can take accredited classes offered through Running Start at their high school during the regular school day and then transfer earned credits to more than 190 colleges and universities across the country!

- **Save money, tuition cost is only \$150!**

A Running Start course is \$150 – far less than the typical cost of \$600 for the same course at any of NH’s community colleges. The savings are even more substantial compared to the cost of many four-year colleges and universities.
